1. Narrative description of Prop 28 arts education program(s) funded. (2500 character limit)

While we are looking forward to the significant role this funding will play in improving arts education programs for our students, we utilized this first year to learn more about the ways in which we can apply this money to our unique program in ways that will best serve our students. We will use \$500 of the funding for art supplies for a student art camp we will have at the school in June. The CDE hosted two webinars to walk LEAs through appropriate uses of funds and compliance procedures; one in February and one in March. We are continuing to review recommendations from the CDE and the needs of our students in order to implement the use of these funds in the 2024-25 school year.
